LinkedIn: https://www.linkedin.com/in/optanwar/   Indore (M.P.)
GitHub: https://github.com/OPTANWAR2001

OBJECTIVE

I went to work in such an organization where my skills and talent could get A better platform. With my hard work and dedication, I would like to serve That organization. Ability to create innovative, creative, & interactive web designs to boost customer engagement. Sound knowledge in HTML5, CSS3, JavaScript, and React.js, & other UI frameworks. Build reusable code for future use while optimizing web performance.

SKILLS

- HTML, CSS, JavaScript
- React.js, Tailwind.CSS, Astro.js, Bootstrap
- Tools: Git and GitHub, Figma

WORK EXPERIENCE

Front End Developer (Internship)
Nextloop Technologies (Aug. 2023 - Jan. 2024)
Project: Shower Wealth Academy
Link: https://www.showerwealthacademy.com/
Technologies: React.js, Astro.js, JavaScript, Tailwind CSS, HTML
Description: Implemented a custom-built single page application for a Stock Market Trading institution using React.js, Astro.js, Tailwind CSS, and Firebase DB and can be used on any screen size due to its responsive design. The application allows users to see all available online and offline mode courses and inspires them to Join.

PROJECTS:

1. Portfolio Website
Link: - https://optanwar.vercel.app/
Technologies Used: Astro.js, React.js and tailwind
Description: I crafted a personalized portfolio website using Astro.js, Tailwind CSS, and JavaScript, creating a dynamic platform for prospective employers and collaborators. Employing Astro.js and Tailwind CSS, I developed a modern, responsive UI, ensuring optimal display on diverse devices. Interactive elements, like a project carousel, were implemented with JavaScript to elevate user engagement and experience.

2. E-Commerce Website Development
Technologies Used: HTML, CSS, JavaScript, React.js, JSON
Description: Implemented a custom-built single page e-commerce application using React.js and can be used on any screen size due to its responsive design. The application allows the user to view all items in the shop, add and remove them from the cart, and make an order.
